WINDOW BLINDS

Louvolite is proud to design and manufacture in the UK. Our streamlined roller blinds are stylish, reliable and easy to operate with a smooth operating system that provides total control of the blind for all of your shading requirements.

All our blinds are made to measure to your unique specification. So whether it's one of our bold prints for your living room, a blockout fabric for the bedroom or a moisture resistant print for the bathroom or kitchen, you know you're in good hands.

We can even make your blind using energy saving fabrics with enhanced insulating properties. They reduce heat build up in summer and heat loss in winter, reducing heating and cooling costs in your home and saving you money.
